Cross linked anti fog shrink film

Used for packaging fresh meat products,
poultry cold meat, vegetables and other foods

Thickness: 11micron 15micron 19micron
Width: 50mm----700mm

CROSS LINKED FILM

High strength high toughness

Cross-linked membrane overcomes ordinary POF
Shrink film has low strength and easy to break.
50% higher puncture resistance than ordinary film

Low temperature anti-fog

Anti-fog is another advantage of this shrink film
No fogging in the case of cold storage
Make content food clearly visible

High shrinkage

Experiments have confirmed the shrinkage
of POF cross linked film 36% higher than
ordinary shrink film, suitable for all kinds
of Automatic and semi-automatic packaging
machine.

THERE IS NO DELAMINATION PROBLEM ON THE FRICTION SURFACE OF THE CROSS-LINKED FILM

THE THICKNESS UNIFORMITY OF THE FILM IS BETTER THAN THAT OF NON-CROSSLINKED FILM

INCREASED SURFACE HARDNESS AND RESISTANCE TO MECHANICAL SCRATCHES

THE CROSS-LINKED FILM HEAT SEALING TEMPERATURE RANGE IS WIDE,
THE REQUIREMENTS FOR PACKAGING EQUIPMENT ARE REDUCED, AND
THE USER'S EQUIPMENT INVESTMENT IS REDUCED

Appearance after various packaging

ABOUT SUNKEY PACKAGING CO.,LT

SUNKEY HAS BUILT UP AN IMPRESSIVE
PORTFOLIO, CONSISTENTLY SUPPLYING
